Core Components

Mobile App
Adjust your home heating from anywhere on your Android or iOS device.

Smart Home
Control Mysa through your favorite smart home platforms and home assistants.

Thermostat
Mysa displays the room's current temperature, and the touch buttons allow you to adjust it.

Features

Scheduling
Use the app to set a schedule for your thermostat in less than a minute.

Zone Control
Group multiple Mysas into heating zones, and control them together through the Mysa app.

Vacation Mode
Going on vacation? Mysa will save energy while you're away.

Geolocation
Mysa uses your location to detect if anyone is home, so that you're not paying to heat an empty house.

Energy Reports
Mysa generates in-depth energy reports so you can see how much you are spending - and saving.

Shared Access
Share access to your account easily so others can control your Mysas through the Mysa app.
